WELCOME ABOARD THE CG LINK!

INFORMATION

This ***Rider's Guide*** will provide guidance and policies to help you use the Casa Grande LINK (CG LINK) public transit demand response service in Casa Grande.

The CG LINK transit service is funded with FTA Section 5307 funds, CARES Act funds and city general funds.

What is the Casa Grande LINK?

CG LINK operates a curb-to-curb, accessible transit service for the general public. CG LINK operates within a specific service area located in the southern portion of Casa Grande (see Service Area Map on page 6). Trip reservations are requested 24 hours or up to 7 days in advance. Same day trips are accepted whenever space is available. CG LINK is a shared ride service, meaning that we may pick up and/or drop off other passengers before you reach your destination. All trips must originate and end within the service area.

The CG LINK uses 'right sized' vehicles to meet transit needs. The service provides accessible vehicles which have a lift or ramp and a wheelchair securement area. Passengers must pay their fare upon boarding vehicles.

Curb-to-Curb service allows drivers to pick up passengers in front of their homes or any location and drop off passengers as close as possible to their destination. If access to your home or destination is limited or unavailable due to barriers, security or access challenges, drivers will do their best to find a solution that is safe for you while also providing safe passage and vehicle clearance. Always advise our Dispatchers with special instructions if access to your home or destination may be an issue.

Individuals are not able to hail a CG LINK vehicle. All trips must be reserved in advance.

Virtual Bus Stops

Virtual Bus Stops may be added at frequently used locations, such as the Promenade Mall, Libraries or Walmart to name a few. Virtual Bus Stops will be located at safe, pre-determined and City approved locations. Be sure to verify with Dispatch to learn if your pickup or destination location is a Virtual Bus Stop.

How to Cancel or Change a Scheduled

A trip can be cancelled or changed by calling Dispatch at (520) 509-6900, or by using the CG LINK Rider App if this was the method used to book the trip.

HOW TO RIDE WITH CG LINK

Pickup “Be Ready” Window

When you schedule your trip, you will be given a 20-minute “be ready window”, this is also known as the on-time pickup window. For example, if your appointment is 9:00 am, your “be ready window” is 5-minutes before 9:00 am, or 8:55 am and 9:15 am after. An exact time is not possible, as Drivers are picking up and dropping off other passengers on their way to you. It is very important that you are ready within the 20-minute “be ready window”. If the vehicle doesn’t arrive within the 20-minute window, call Dispatch for an update.

Dwell Time

Drivers can wait for up to 2 minutes once the vehicle has arrived. If you are not ready or we cannot find you, then Drivers may have to leave, and you may miss your ride. Please call Dispatch to let us know you are not ready and whenever possible your pickup time might be adjusted.

What is a No-Show?

A No Show occurs when the vehicle arrives within the on-time window, the driver waits at least 2 minutes for you, and you fail to take the trip. Or when you fail to cancel the trip at least 2-hours prior to your scheduled trip.

What is a Late Cancel?

A Late Cancel happens when the vehicle arrives at the scheduled pickup, and you cancel with the driver on the spot. No Shows and Late Cancels that could have been avoided with a timely cancellation call reduce the efficiency of the service and cause delays for other passengers. If you are not able to keep your trip, we advise that you cancel your trip as soon as possible.

No Shows AND Late Cancels, that are beyond your control, are excused. However, if you have attained three unexcused No Shows or Late Cancels within a 30-day period, a review of your travel record is conducted. A warning is sent to you if you accumulate three No Shows or Late Cancels within a 30-day period. The letter will detail each recorded No Show or Late Cancel, and your travel with CG LINK will be restricted or suspended for a period of time. You may contact Customer Service to discuss the matter and explain if any of the recorded No Shows which were beyond your control.

Ride Time

CG LINK is a shared ride service, meaning that other passengers may board or exit the vehicle before you reach your destination. This means your trip may take longer to reach your destination than if you drove there directly. We encourage passengers to carry any medications with them in case their ride time is delayed.

How will I Recognize the CG LINK vehicle?

CG LINK vehicles have a distinctive colorful graphic design. Visit www.CasaGrandeLINK.com to see an image of a vehicle. In addition, the CG LINK Rider App and/or SMS push notifications will provide the vehicle number and your driver’s name.

Service Animals

If you have a disability, you may board the vehicle with a trained Service Animal that performs a specific function or functions. You must keep the animal under control, and it must not pose a threat to other passengers. If you travel with a Service Animal, you are responsible for any damage or injury caused by the animal. Always let Dispatch know when you plan to travel with a Service Animal

Connect with the CART – *Central Arizona Regional Transit*

The CART service has four bus stops within the CG LINK service area. CG LINK can provide trips to/from CART bus stops. When scheduling a trip to catch a CART bus (outbound), be sure to keep in mind the CART times so that we get you to the CART bus stop before it departs. As a rule it is recommended to arrive 5-10 minutes before the scheduled departure time. CG LINK is not affiliated with the CART service and is not able to coordinate trips between CG LINK and CART. You are responsible to provide Dispatch with the time you must arrive at the CART bus stop. If returning to Casa Grande on the CART service, you can schedule a pickup from the CART bus stop using the CG LINK service.
